

BOARD REPORT

Northeast Region Board Meeting – April 11, 2010

DATE: April 7, 2010
TO: Northeast Region Board of Directors
FROM: Wm. North Sturtevant, New Hampshire Chapter Representative
SUBJECT: Report for Region Directors, New Hampshire Chapter

A. Report Summary

B. The Report

1. Summary of activities since last report: Since the last report, our Chapter has remained active in its monthly meetings and in outreach to the academic community.
2. Status of current programs: Current monthly programs are well attended and are being conducted across the State.
3. Problem areas: Membership, membership and membership. Our Chapter size makes it challenging to spread out responsibilities beyond our core group of leadership. Although key positions are being held by newer members – i.e. fresh blood – most of the Chapters activities/responsibilities still fall on the shoulders of a few very dedicated individuals.
4. Success stories: Our Chapter remains visible throughout the State.
5. Schedule of activities prior to next Board Meeting: We continue to try to conduct a Seminar on BIM technology.
6. Changes in Chapter Membership since last report: Membership continues to slip. While there is obviously a significant impact from the Great Recession on the building industry professions, CSI is competing with a seemingly growing pool of organizations and a shrinking pool of resources available for membership in a professional organization.

C. Suggestions for the benefit of the Region

1. NONE

Respectfully submitted;

Wm. North Sturtevant
Region Director
